

GATHER • GROW • GO

Dear Future Angel,

Everyone has a teen gal in their life, whether it be a daughter, sister, niece, friend, babysitter, neighbor or co-worker that deserves to be a part of something that can help her grow and further commit to being her best self.

This fall, we are proud to introduce G3 Girls. G3 Girls is a two-day experience that gives girls the opportunity to learn why it is important to be who they are and why the world needs heart-centered leaders. Through a fun & interactive process, girls will identify their natural strengths, transform their attitude and create a personal plan to move forward with confidence, clarity and purpose!

As a G3 Angel, you can be a part of this transformative opportunity! By sponsoring a local teen gal, you can help her learn more about herself and gain the tools she needs to lead with an open heart and grow from the inside out! In the end, we all will benefit! For more information, please email michelle@g3conferences.com.
