G3 Women's Circle

An Invitation to Cultivate Connection Virtually in 2021

2020 has been an opportunity for all of us to shift, pivot and realign. As we continue to navigate this collective uncertainty and embrace our virtual reality, G3 is strengthening our roots and committing to creating opportunities for women to Gather, Grow and Go. There hasn't been a more important time to reset, reframe and refocus our intentions and energy.

We invite you to ask yourself: Who am I? What do I want? What do I need? What have I learned about myself in the last 9 months? And what do I need moving forward?

In order to successfully transition into 2021, we have thoughtfully designed the G3 Women's Circle. Our intention is to foster a community of women who are committed to taking time for themselves, in an effort to renew their sense of purpose and realign with their values. This 8-part series of virtual interactive engagements, led by women who are experts in their respective fields, will focus on the topics that we all are craving. The goal is to ignite inspiration and cultivate connections.
